Environmental Review # 73-22
 Request: PARCEL MAP Zone: R-1FP
 Location: THOMAS ST - AT END
 Date Submitted: 3-1-73 Posting: From _____ To _____
 Appeal: _____ C.C. Action _____
 Determination: () Exempt () Trivial (X) Non-Trivial
 (E.I.R. Required) *
3-14-73

Fee \$12.50
 Pay Fee Only If Trivial

Findings:

It is expected that the proposed parcel map and ultimate single family development of Parcel A will have a non-trivial effect on the environment because:

1. Parcel A is located within the floodplain of Dry Creek.
2. Parcel A is included in the Park & Streambed Plan for public use and development.

This determination may be appealed to the City Council. (See Section 8A.6 of attached Ord. #1190 for details.)
