Dear Sirs:

At their regular meeting of September 13, 1973 the Roseville Planning Commission denied the application of Bill and Lois Zisk for a use permit to construct a home adjacent to Dry Creek at the end of Thomas Street.

The Environmental Impact Report for this application will be coming before you for final disposition. We hereby appeal the action and findings of the Planning Commission and respectfully request that this appeal be heard in conjunction with the E.I.R. at the earliest possible time.

Sincerely,
